## PLATFORM & RESOLUTIONS.

The Republicans of the State of Nevada in convention assembled again express their loyalty to the principles of the Republican party which have made the country so great and prosperous during the last quarter of a century.

**Resolved:** That the question of a sufficient supply of a circulating medium to maintain a permanent range of the price of labor and property is the most important political question awaiting solution by the American people.

**Resolved:** That a diminishing quantity of money reduces the price of labor and property, increases the obligation of contract, enriches the creditor, impoverishes the debtor, and parlays industry and enterprise.

**Resolved:** That the present financial system of the United States, which increases considerably the circulating medium at the pleasure of the manipulators of the National banks without regard to the increase of population or the wants of the people, and which re-gards gold alone as the standard of value, and places in the hands of the Treasury Department all the revenue of the Government to speculate with in bonds and loan to National banks without interest, is subversive of the rights of the people, oppressive, unjust, and should be repudiated.

**Resolved:** That a financial policy whereby both gold and silver shall form the basis of circulation, whether the money used by the people be coin, or in certificates redeemable in coin, or both, as convenience may require, is imperatively demanded.

**Resolved:** That the attempt to substitute National bank notes, costing the Government millions of dollars annually, for silver, costing nothing, is an outrage upon the people; that the money ring or trust, which has usurped the sovereign power of the Government to issue money, and which has fraudulently demonetized silver and seized the revenues of the Government largely to speculate, also a moral outrage to the people, and destroys the peace of Government and Law. We demand that this ring or trust be destroyed and equal rights restored to all people.

**Resolved:** That we charge that President Cleveland is the wilful tool or agent of a certain money ring which fattens on the wealth of the Government, makes war on silver, issues paper currency at the expense of the government, borrows the revenue raised by taxation, uses them with at the payment of interest, converts the currency to the name of bonds, and enriches the usurers until it depresses the price of labor and property.

**Resolved:** That we favor the nomination of no man for President who is personally interested in National banks or the bonded indebtedness of the United States, but we demand a candidate who is free to do justice to all the people of the country—the poor as well as the rich.

**Resolved:** That the trickery of the President and his advisers by which they prevented a vote in the House of Representatives on the Borek silver amendment to the Gold purchasing bill, equal to half of the secret and fraudulent demonetization of silver in 1873.

**Resolved:** That we are in favor of the protection of home industry, and that the laborers of this country have a right to all the work required to supply the people of the United States, and that we are in favor of high wages in this country and to that end will protect the wage-workers competition with the cheap labor of other lands.

**Resolved:** That the policy of the government should be inaugurated and established by the people through their representatives in both Houses of Congress, and not by the President or the money trust, of which he, otherwise, is found, is most active in defending.

**Resolved:** That we charge President Cleveland with violating every promise he made in his campaign, with opposing civil service reform, with crippling the

## EAGLE MARKET.

Beef, Lamb, Mutton, Veal, Sausage, Etc.

My facilities for purchasing good beef are second to none in the State, and customer can always be assured of the best in the market.

This market was the first in this city to introduce the cold storage process, by which meats can be kept for weeks in the hottest weather. Our cold storage room (feels)

well serves, with refusing to sign the necessary bill for the improvement of rivers and harbors, with abusing the power of his administration to prevent appropriations for a navy and coast defenses, with attempting to destroy the protective tariff, with curtailing the good will of other nations at the expense of the citizens of the United States, and with joining the foreign householders to demonetize silver and destroy the industries of our country, and for the reduction of wages of the mint employees at Carson, by closing the Carson Mint, when it was not only self-sustaining but a source of revenue to the Government, for its unconstitutional veto of pension bills for the relief of disabled soldiers and sailors, and for failing to construct the Government building at Carson as required.

IV.

We are in favor of the absolute exclusion of Chinese, and the restriction of immigration, by which the present overcharged condition of the labor market is made worse, and also favor legislation by which a revision of our naturalization and land laws may be accomplished.

V.

We demand, in behalf of our various industries, the reduction of the duties on lead, borax, glass, tiles and leather, and to restore the tariff of 1867 on wool.

VI.

**Resolved:** That we recognize the right of labor to organize for its lawful protection.

VII.

We favor liberal appropriations by Congress for hydrographical and topographical surveys in this state to the end that the waste waters may be preserved for the purpose of irrigation.

VIII.

We endorse the wise and conservative administration of Governor C. C. Stevenson, and we heartily commend the able efforts of Senators Stewart and Jones and Representative Woodward in behalf of the interests of the people of this state.

IX.

We favor the granting to Nevada of all Governmental aid within the State for the purpose of providing means for irrigation and other improvements.

X.

We favor the reduction of the Treasury surplus by the payment of pensions to Union soldiers, their widows and orphans, the improvement of rivers and harbors, the building of dams for our sea-coast, the erection of public buildings, the creation of a navy, the purchase of bonds and the repeal of the internal revenue laws taxing tobacco.

XI.

It is the duty of the State to maintain free elementary schools in the rural and sparsely settled districts as well as in towns and thickly settled sections, and that such a division of the school money should be made as will furnish the means of education to all children in the state.

XII.

We are in favor of re-opening the Carson mine for colliery and raising the wages of its employees to the standard paid by the last Republican administration.

XIII.

We demand the restoration of the mail service in this state to the efficiency maintained by the last Republican administration, and favor the payment of fair wages to all postal employees.
